

Providing personal care products
to school children in need

Kettering Clean Care began with a Van Buren Middle School teacher who found there were middle school students in need of personal care products. With the support of members of the Kettering Leadership Academy Class of 2014, Dor-Wood Optimist Club, Kettering Noon Optimist Club & Junior Optimist Clubs at Van Buren and Kettering Middle School, KCC works to provide Kettering middle school students with a monthly delivery of personal care products.

How you can help

In an effort to provide consistent products we kindly prefer the following products:
